

Main Requirements

Your dashboard must include the following elements:

1 Key Performance Indicators (KPIs): Minimum of 3 KPIs

2 Slicers: Minimum of 4 slicers for data filtering

3 Sales Information: Comprehensive sales data analysis

4 Profit Information: Detailed profit analysis and metrics

5 Customer Information: General customer insights and demographics

6 Top 10 Customers: Best performing customers by sales volume

7 Special Visual Requirement:

"Create a visual that compares how different product categories shift in their contribution to total sales across quarters, highlighting changes in dominance and relative share over time in one combined chart."

Good luck to all participants! ■
